

Why Go Solar?

- Reduce your electric bill and avoid electricity rate increases
- Enjoy a more sustainable lifestyle
- Support local jobs
- Increase your home's property value
- Take advantage of solar tax incentives before they expire

We can help!

- Capture the full value of your efficiency improvements**
- Reduce and fix the cost of operating your home**
- Recapture the value of your investments when you sell or refinance**

Pearl Solar Contractors are the best in the business. It shows in our excellent professional training and credentials, quality control processes, and our commitment to high solar installation standards. Not only will we make solar improvements to your home, we will help you capture the full value of your investment when you go to sell or refinance your home. When we complete our work, you'll receive a Pearl Certification Report and documentation for the appraiser.

What home improvements can be certified?

High-performing assets that make your home healthy, comfortable, resilient, and energy efficient.

Insulation in attic and walls

ENERGY STAR appliances

Solar PV systems and batteries

Heating & cooling systems

**Questions about Pearl Certification?
We'd love to hear from you.**

It's simple. Just follow these steps to solar success!

STEP 1

Choose the right solar contractor.

Pearl Solar Contractors are part of an elite group vetted by Pearl. We use top-of-the-line equipment and installation methods. Our work is also independently verified.

STEP 2

Customer satisfaction is our highest priority.

Pearl Solar Contractors are experts at permitting and installing solar PV systems. Our priority is giving you a quality customer experience.

STEP 3

Add value to your home.

Only Pearl Contractors can certify our work, allowing you to capitalize on the value of your investment. Pearl will send you a Pearl Certification Report and a special Appraisal Addendum along with information about how you can enhance your home's value when refinancing or selling.

STEP 4

Market your certified home when it's time to sell or refinance.

Submit your Pearl Certification Report and special Appraisal Addendum to your real estate agent and appraiser to ensure your home is properly valued.

Pearl proudly works with these certification partners:

REACH
NATIONAL ASSOCIATION OF REALTORS®
